

I am writing in response to the proposal that the LPFM stations might replace current FM translator service. I listen to Air 1, which often is on these FM translators. I feel that Air 1 is very important to me as a resident of the local community in that it provides me with very encouraging and positive music. I am a high school student and many of the music my fellow peers listen to is far from positive. If Air 1 was to be replaced by an LPFM broadcaster my community would be greatly affected. I know many people who listen to Air 1 because it is safe for everyone and still has a contemporary appeal. I truly believe that the service Air 1 has provided is in the best interest of the public because it offers great music and entertainment without any of profanity or vulgarity that many of the stations offer today. Please do not take my Air 1 station away!!! I don't know what I would do without it!
